

**-ALL DECISIONS BY SHOW MANAGEMENT ARE FINAL-**

The goal of the GTBRA is to offer our members a user friendly online exhibition reservation & entry system. You will be able to pay at the time of submitting your online entry, or when you arrive at the show. All draws, both competition & exhibition, will be published by the Wednesday before the race. This will allow you to arrive at our shows and have all your competition information in hand. If you don't need to pay, have any questions or need anything of our office staff, you can spend that time with your horse instead of waiting in line.

If you are not able to pre-enter, *no problem!* The GTBRA will accept entries on location *and* online until the 1st horse of the class runs. Even if you are unable to make it to the office before the 1st horse runs, please use our online system to enter the day of the race. **We are making every effort possible to eliminate the need for contestants to stand in line at the office to get exhibitions &/or enter.**

You may submit your entries online or at the event. There is a 5% convenience fee on all credit card transactions. Returned check fee is \$35 per check.
