of which, net proceeds after expenses will go to helping a rodeo family facing hardships.

This year, net proceeds will go to Camelia Jenkins who has been diagnosed with a VERY RARE cancer called Chordoma. Camila has undergone extensive surgeries, and now awaiting radiation treatments.. Camelia and her family are very involved in the horse industry, trainer and mother she has trained some of the very best in the industry.

Rodeo family is tight this is our time to pull together in hard times, to give back. No one ever wakes up and dreams to be dealt these cards, it never is in the plans to have to face, but going in united is a lot easier than going into this alone.

NOTE: We will be accepting any and all donations to go on the table for silent auction.

100% of the proceeds will be given to Camelia as well as a Donation opportunity at the time of check in.
