Shoulda Coulda Woulda Tipped Barrel Insurance \$ 20 EF 100 % Payback

Do you ever walk out of the barrel race saying, “Well I would have won the barrel race but I tipped. “We are offering tipped barrel insurance. How it works: This is a side pot off of the Open 4D Race. You buy insurance and IF you tip a barrel, your time goes into that side pot. It will be paid out as a 4D off of the fasted tipped barrel time. You DO NOT make another run. The time will be used off the run you tip the barrel on.
