- D. Determination of Event Champions/Event Winners. The event champion will be that person who wins the Four Round Finals on Sunday, September 11, 2022. In case of a tie, the event champion will be determined based on the fastest time or highest score in the semi-finals. If still tied, the event champion will be determined based on the fastest time or highest score in the average after the long go-rounds. If still tied, the event champion will be determined based on the single fastest time or highest score in any of the long go-rounds.
- E. Group Introductions, Autographs and Victory Laps. Following each performance, immediately following the last bull rider, **all event winners of that performance** are to be prepared to walk to a predetermined location (set by the production manager) for an autograph session and video interviews. Every contestant from that performance, except event winners, must be present for a group introduction immediately following the last bull rider. The event winner for the final performance must be prepared to take a victory lap following his/her event. A buckle presentation will be made after each winner's victory lap.

- G. Patch Sponsorships. No Finale participant may wear or display in the competition arena of the Finale (including the areas behind the chutes and the moat) any patch or signage (as defined in the "Rules and Regulations Governing Advertising in an Arena") which is in conflict with, or opposed to, PRCA's and/or Professional Rodeo Cowboys Association Properties, Inc.'s national sponsors. All other provisions of the Finale patch sponsorship rules, a copy of which is attached hereto as Exhibit A, shall also be in effect at the Finale. See Exhibit A and, for barrel racers, WPRA Rule #19.1 (and Exhibit B).
- H. Back Numbers. Each contestant will be furnished with a Finale back number, which must be worn and displayed in its entirety at all times when in the competition arena. Contestants who qualify for the final go-round will need to pick up a new back number from the secretary's office. If a contestant has an existing patch sponsorship involving the cantle/yoke of the shirt, then that contestant may wear the Finale back number immediately below the existing cantle/yoke patch. If a contestant elects to wear a protective vest or jacket, then that contestant must wear the Finale back number in the same location on the vest or jacket. Failure to wear the Finale back number in its entirety as outlined above will result in a fine of \$1,000 for the first offense, \$2,000 for the second offense, \$4,000 for the third offense, and disqualification from the Finale for the fourth and subsequent offense. A contestant may be fined without warning and may be subject to immediate disqualification.
- I. Honest effort. All contestants competing in a performance must give an honest effort. If it is determined by a unanimous vote of all officials assigned to officiate that event that a contestant did not give an honest effort, he will be (i) disqualified from the go-round in which the violation occurred and any remaining go-rounds, (ii) assessed a fine in the amount of \$500. For purposes of this ground rule, whether a contestant gives an honest effort will be determined as follows:
- Riding Events. In the riding events, a contestant who fails to ride, using appropriate equipment, his horse or bull out of the chute (except in the case of a chute stalling animal or unless the officials rule the contestant was fouled coming out of the chute) shall automatically be deemed not to have given an honest effort. Specifically, the bareback riding contestant must have his hand in the rigging until the inside shoulder of the horse crosses the plane of the chute gate; the saddle bronc riding contestant must have feet in the stirrups, seat in the saddle and rein in his hand when the inside shoulder of the horse crosses the plane of the chute gate; and the bull riding contestant must have his hand in bull rope when the inside shoulder of the bull crosses the plane of the chute gate. Once the contestant has ridden the horse/bull out of the chute, it is the sole responsibility of the officials to determine whether a contestant gives an honest effort. In making this determination, officials should consider whether the contestant has made a good faith effort to complete his ride.
- Tie-Down Roping, Steer Wrestling, and Team Roping. In the timed events a contestant who fails to ride, using appropriate equipment, his horse across the score line (unless the officials rule he was fouled leaving the box) shall automatically be deemed not to have given an honest effort. Once the contestant has ridden his horse across the score line, it is the sole responsibility of the officials to determine whether a contestant gives an honest effort. In making this determination, Officials should consider whether the contestant has made a good faith effort to successfully complete the event and record a time.
- J. Any contestant using foul language in the arena, either audibly or by obviously mouthing the words, will be fined in accordance with Rule R11.4.6, of the PRCA Rulebook "Conduct Detrimental to Public Image" and, for barrel racers, the WPRA Rulebook and will be assessed a minimum initial fine of \$500, that fine doubling progressively for each offense thereafter.

4. TURN OUT OR DOCTOR RELEASE SUBSTITUTIONS

- A. Once contestant entry has been made, the following turn out fines will apply (includes turn outs, visible injury releases, doctor's releases, and vet releases):

Notification after the 30 hour deadline: \$1,250

Non-notification: \$1,500

Notifications must be called in to PROCOM during their regular business hours. All turn out deadline times are Mountain Time.

- B. If injured at the Finale, a contestant will not be eligible to return to competition in any subsequent performance or go-round and will not be subject to the fine schedule. In team roping, if one partner is injured the remaining uninjured partner may select a new partner from Finale contestants already entered but not already competing in the team roping event.
- C. A non-notified turn out after competing at the Finale will result in disqualification, loss of monies won and a \$3,000 fine.
- D. A multi-event contestant injured in one event may, at the discretion of the judges, be held back in following event(s) if he is unable to compete during that performance. In that instance, that contestant must take stock for those events in which he was held back prior to the next go-round.
- E. Contestant receiving a valid Visible Injury during the Playoff Finale may not compete at any other rodeo or event during the course of the Playoff Finale. Failure to abide will result in the forfeiture of any advancement, title(s), recognition, and/or awards. In addition, the contestant will be fined \$1,500.

5. **FORMAT**

- A. All Events: The Finale will be two go-rounds, back to back, performance to performance, with a top eight semifinals followed by a top four finals. Contestants will be placed in the first four performances based on their playoff series points standings. The following number rankings in the Playoff Series Standings will correspond with only the contestants who actually enter the Finale (for example, if the #1 ranked contestant does not enter and the #2 ranked contestant does enter, the #2 ranked contestant will assume the position as the #1 ranked contestant.) If there is a tie for any of the rankings, a random draw by PROCOM will determine where each of the tied contestants will be placed. The #13 position in all events will be occupied by the winner of the NFR Open in Colorado Springs. The contestants placed in the first and second performances will be the contestants who correspond with the following rankings: #2, #3, #6, #7, #10, #11, #14, #15, #18, #19, #22, and #23. The contestants placed in the third and fourth performances will be the contestants who correspond with the following rankings: #1, #4, #5, #8, #9, #12, #13, #16, #17, #20, #21, and #24. No trades will be allowed. In the Team Roping, the 24 headers who qualify must rope with the 24 heelers who qualify. The 48 contestants who constitute the 24 teams will be ranked #1 through #48 based on Playoff Series points. The team will be placed in the position that corresponds with the highest ranked partner of the team using the same placement procedure as used for the other events. The #13 position in the Team Roping will be occupied by the winning team of the NFR Open (or the highest ranked partner of the winning team from the NFR Open if the two team partners are roping with different qualified partners at this event.) If a contestant's partner is drawn out due to qualification, that header or heeler will be randomly drawn a partner by PROCOM from among the other heelers or headers whose partners were drawn out due to qualification.

- B. Advancement to the semi-finals: The top 4 contestants or teams based on highest scores or fastest times in the average from each of the two "back to back" groups (1st and 2nd performances, or 3rd and 4th performances) will advance to the Semifinals held during the fifth performance.

Tiebreakers: If ties in the average result in more than 4 to advance to the Semifinals from one of the "back to back" groups, the tied contestant (or team) with the single highest score or single fastest time from either of the first two go-rounds will advance. If still tied, the contestant with the highest ranking in the Playoff Series Standings will advance. If there are less than 4 qualified scores or times in the average in one of the "back to back" groups, the next highest ranked contestant or team from the other "back to back" group who has not already qualified will advance.
- D. If a contestant or team chooses not to advance to the Semifinals due to injury or any other reason, the next highest ranked contestant or team in the average who has not already qualified from that "back to back" group will advance.
- E. Advancement to the Finals: The top 4 contestants (or teams) from the semi-finals will advance to the Finals.
- F. Tiebreakers: If ties result in more than 4 to advance to the Finals, the tied contestant(s) or team(s) with the highest ranking in the average after the first 2 go-rounds will advance. If still tied, the tied contestant or team with the highest single score or fastest time in either of the first 2 go-rounds will advance. If still tied the contestant with the highest ranking in the Playoff Series Standings will advance. If there are less than 4 qualified scores or times in an event from the top 8 Semifinals to advance, the contestant or team with the highest ranking in the average after the first 2 go-rounds will fill the remaining positions (will not exceed 4).
- G. If a contestant or team chooses not to advance to the finals due to injury or any other reason, the next highest ranked contestant from the Semifinals will advance.

For the purposes of these PATCH RULES, the "brand or manufacturer" means the entity which distributes at wholesale, or offers the clothing for retail sale, or the trademark under which the shirt is sold to the public.
